The GSC and GS Parent Coalition convenes or partners with other organizations to support local and regional early childhood workgroups and initiatives, including: 5toONE; Everybody Reads; GSRP Advisory; Perinatal Regional Collaboration Network; Home Visiting Local Leadership Group; county level 0 – 6 workgroups. Additional workgroups may form to achieve the goals and outcomes identified in the GSC Strategic Plan.

**Memorandum of Understanding**

I, \_\_\_\_\_ agree to attend **at least three** of the five regularly scheduled  
*(print name)*  
Collaborative meetings; if I represent an organization I will designate an alternate to attend when I must be absent.

If I represent an organization, I am authorized to make decisions and commit resources to the Collaborative.

I agree to maintain an affiliation with at least one of the Great Start workgroups.

I have read the GSC Operating Guidelines and agree to abide by them.

I have read and endorse the GSC Strategic Plan.

**This MOU permits me to submit items to the 5toONE.org event calendar items on behalf of my organization.**

I agree to support and maintain the mission of this Collaborative and its Parent Coalition (Great Start Parents) and the decisions of the Executive Team: *To ensure that the children in our communities are healthy, thriving, and eager to learn; To support parents as the first and best teachers of their children; and To promote collaboration and partnership among agencies, businesses, and organizations in working toward and sustaining an early childhood system that is inclusive, diverse, equitable, and accessible by all families in our region.*

The Strategic Plan and Operating Guidelines are available at [www.GreatStartKids.com](http://www.GreatStartKids.com) Members of the Collaborative provide community leadership in developing and executing the Strategic Plan. As stated in the Operating Guidelines, consensus is the preferred decision-making process; however a vote by members present will be used if consensus cannot be achieved and a decision is required.
