

TRY SOMETHING NEW!

## FAMILY ADVENTURE DAY

SATURDAYS  
JULY 16, AUGUST 6, OR SEPTEMBER 10  
9:30-12:00

This event provides summer adventure activities that build connection to nature and family attachment. We will be outside the entire time and encourage families to interact, try various challenges together, and have fun!

Parents are encouraged to come with another adult who helps them with parenting whether that is a grandparent, friend, or spouse. Adults and children will be presented with a variety of challenges in the woods. Children will need to always have an adult they know and trust to be with them. Families with children ages 0-8 are welcome. Bring a picnic lunch for your family and we will provide the rest. More information and point of contact on the registration form link provided.

Application requests will be granted for one event only.
