### Jessica's suggestions for early childhood careers :

There are many programs that need help, especially during the summer. Interns are always welcome! If working with little ones is something you desire, start there. Career Tech has an ECE (Early Childhood Education) program, and this is a great place to start. There are wonderful scholarships out there for college such as the T.E.A.C.H. scholarship which could pay for some or all of your college. There is a lot of room for growth and career experiences with Early Childhood.
